# AMERICAN RECOVERY & REINVESTMENT ACT OF 2009

## NEW LEGISLATION BENEFITS EQUIPMENT PURCHASERS

On February 17, 2009, President Obama signed the American Recovery and Reinvestment Act of 2009 which extends the provisions of Section 179 and Bonus Depreciation found in the Economic Stimulus Act of 2008 to December 31, 2009.

## WHAT DOES THIS MEAN TO YOU?

- This makes equipment more affordable immediately whether customers pay cash, finance or lease
- By using these enhanced depreciation provisions, customers can lower their tax payment and free up cash for their business

## THE ACT EXTENDS SECTION 179 DEDUCTION AND BONUS MACRS (MODIFIED ACCELERATED COST RECOVERY SYSTEM) DEPRECIATION:

### WHAT IS SECTION 179?

Under Internal Revenue code 179, new and used Bobcat® and other equipment can either be depreciated over its useful life, or expensed immediately. Now 100% of an equipment purchase up to \$250,000 can be written off, as long as the total equipment purchases for the year are less than \$800,000.

**"Section 179 and Bonus MACRS depreciation creates a significantly lower after-tax cost of equipment. This offers people who have been delaying purchases ample encouragement to buy in 2009. You have an opportunity to make your dollars go further under this legislation."**

### WHAT IS BONUS DEPRECIATION?

For equipment purchases above \$250,000, the Act provides for a 50% Bonus Depreciation above and beyond standard depreciation. Please speak with your tax advisor for more information about Bonus Depreciation resulting from this Act.

#### Section 179 Example 1

Equipment Purchase	\$30,000
Max. Section 179 Deduction	\$30,000
Tax Savings (assuming 35% tax rate)	\$10,500

#### Section 179 Example 2

Equipment Purchase	\$75,000
Max. Section 179 Deduction	\$75,000
Tax Savings (assuming 35% tax rate)	\$26,250

**To learn more about how you can benefit from the American Recovery and Reinvestment Act of 2009, please call Bobcat Enterprises.**
